Title I, Part A Coordinators:

Note that the following statement appeared in Commissioner Holliday's Monday email to superintendents.

USED guidance on immigrant children

With the influx of unaccompanied immigrant children into the United States, it is important that schools know the proper procedures and what resources are available to help. The United States Department of Education has sent out a [fact sheet](#) on educational services for immigrant children and those recently arrived to the United States. The fact sheet identifies existing resources that may be helpful to communities enrolling immigrant children, including newly arrived immigrant children. It also answers Frequently Asked Questions (FAQs). Additional questions should be addressed to the [Office of State and Local Engagement](#) at USED or to Gary Martin in the KDE's Division of Learning Services at gary.martin@education.ky.gov, or via phone at (502) 564-4970, ext. 4157.

Please let us know if we can help you find answers to the questions you may have around this topic.

Sincerely,

David Millanti
